SUMMARY

Motivated Computer Science student skilled in HTML, CSS, JavaScript, Tailwind CSS, Python, and Java. Passionate about building responsive web applications and data-driven solutions that solve real-world problems. Seeking an internship to apply my technical skills and contribute to impactful projects.

EDUCATION

University of Sciences and Arts in Lebanon (USAL) — Beirut, Lebanon
Bachelor of Science in Computer Science, Computing for Data Science - CGPA: 3.90 / 4.0 — *Oct. 2024 – June 2027*

EXPERIENCE

Frontend Developer Intern — Dec. 2024 – Present
CodewithSerah Community — *Remote*
- Developed LearnHub, a responsive e-learning platform with intuitive navigation for enhanced accessibility.
- Built a daily schedule app to help users manage tasks effectively using JavaScript and modern front-end tools.
- Conducted detailed research on JavaScript features to enhance application functionality and write cleaner code.
- Resolved UI bugs in an Amazon-style e-commerce design, improving stability and user experience.

PROJECTS

Personal Portfolio | HTML, TailwindCSS, JavaScript | GitHub | Live Demo — Jun. 2025
- Built a personal portfolio to showcase projects, skills, and achievements in a professional format.
- Designed a clean and organized layout with easy navigation between sections.

University Management System (UMS) | Java (OOP), Swing GUI | GitHub — May. 2025
- Designed and developed a Java-based desktop application simulating university administration processes.
- Implemented core features such as student enrollment, course assignments, and grade tracking using object-oriented programming, with reliable data persistence through file input/output.

Beirut Bites - Restaurant Delivery Ordering App | Code.org | Live Demo — Mar. 2025
- Developed a responsive food ordering application with a user-friendly interface and interactive menu.
- Developed an employee management system to handle orders, update statuses, and control users, integrating a database for efficient management of users, menu items, and order details.

WORKSHOPS & COURSES

Build with AI Event, AUB	Dec. 2024
Discovering Databases (3-days workshop), Loyac	Sep. 2024
Introduction to Python, Intermediate Python (8 hours), DataCamp	Nov. 2024
Web Development Course, Fekra	Aug. 2024

TECHNICAL SKILLS

Programming Languages: Java, Python
Web Development:: HTML, CSS, Tailwind CSS, JavaScript
Libraries: Pandas, NumPy, Matplotlib
Soft Skills: Communication, Problem-Solving, Teamwork, Time Management

VOLUNTEERING

Ambassador — May 2025 – Present
CodewithSerah Community
- - Share tech-related opportunities, webinars, and events organized by CodewithSerah
- - Representing the CodewithSerah community to promote tech learning and empower aspiring developers.

LANGUAGES

Fluent in English and Arabic
